

# Business Analyst

Delivery Europe

## Who you are

We are looking for an experienced Business Analyst that will partner with our clients to define their business requirements, understand their business drivers, and where their market is headed, across various domains,. Moreover, you translate the requirements into detailed functional designs drawing your perspectives combined with your technology, process and strategy skills. You participate in transitioning the requirements to the developers, and ensure a clear and complete understanding of the requirements. Finally, you coordinate and supervise activities between different stakeholders (internal or external).

## What A Great Candidate Looks Like

- Proven working experience in business analysis for an enterprise software provider
- Excellent client-facing and internal communication skills
- Excellent written and verbal communication skills
- Proven experience of quick understanding of organizations, processes, data sources, and information systems in new domains
- Bachelor's Degree in an appropriate field of study or equivalent work experience
- Business analysis position with Big4 consultancy is a plus
- Deep familiarity with the banking world is a plus

## Who We Are

BlackSwanTechnologies.ai is a uniquely positioned data science and Intelligence insights product company. In our primary application, we offer enterprise level AI empowered Business Applications to data intensive organisations. We are currently building the world first Cloud AI Operating System (CAIOS) and a Digital Transformation platform (ELEMENT), which, without much fuss, are already serving some of the world's leading financial institutions. Our advantage lies in an unbelievable blend of human assets, science, engineering, and SaaS capabilities that align very well with a starved industry.

To help you succeed, we provide a supportive environment that fosters collaboration between teams and team members, where learning and professional growth is considered a key part of your success, and of ours. We offer a flexible work environment with a family-friendly work-life balance.

We relentlessly solve problems. We win together.
