

Product Owner

Product Europe

Who you are

We are looking for a Product Owner to organize, prioritize and assess work for our Product team.

You will be responsible for gathering feature requests, scheduling releases and coordinating sprints. To be successful in this role, you should be able to identify user needs and work with cross-functional teams to manage product releases.

Ultimately, you'll help us roll-out products that deliver our company's vision.

Responsibilities

- Incorporate feature requests into product roadmap
- Groom and prioritize backlog
- Develop user stories and define acceptance criteria
- Set sprint goals
- Plan releases and upgrades
- Follow progress of work and address production issues during sprints
- Analyze preferences and requests of end users
- Keep track of industry trends

What a great candidate looks like

- Work experience as a Product Owner or similar role in product management
- Familiarity with agile is a plus
- Hands-on experience managing all stages of the product life cycle
- Technical background with knowledge of software, services development and web technologies
- Familiarity with Cloud serverless components (AWS, GCP, Azure) is a plus
- Team spirit and good communication abilities
- Good organizational skills
- BSc in Computer Science, Engineering or similar field
